Fax: 617-624-5990
www.mass.gov/dph/specialhealthneeds
Family TIES of Massachusetts is driven and staffed by parents of children with special needs, we offer a unique type of emotional and practical support to families with similar life experiences. We provide information and training for families of children with special health needs or disability and their professional partners. We are a primary source for information about Early Intervention (EI) and maintain a complete listing of EI programs in MA. Services are available in multiple languages.

Information and Referral

- Call the toll-free, state-wide phone line 800-905-8437 or contact a Parent Regional Coordinator who has life experience parenting a child with a special health need.
- Information on a wide variety of topics, including community resources and services, programs for children and youth with special health needs, public benefits, and support groups.

Early Intervention

- When you call, Family TIES will share contact information to the Early Intervention (EI) program(s) in your area.
- Regional Coordinators will send you a packet of information explaining Early Intervention services.
- Contact information for EI referrals is available on our website and by phone.
- Family TIES can help families and professionals who need more assistance.

Workshops and Trainings

- Check out our website for a list of trainings and call us to schedule a virtual presentation for your group, school, or organization.

Parent-to-Parent Program (P2P) – Alliance member of P2PUSA

- Parent-to-parent matching calls connect parents who have a child with a disability, chronic illness, or special health needs to a Support Parent with similar lived experience who can provide emotional support and practical suggestions. Parents can request a match online or call 800-905-8437.

Volunteer Opportunities

Family Advisor Program

- Share Your Voice! This program offers families the chance to advise and partner with the Department of Public Health and join in leadership activities across the Commonwealth.
- On-line sign-up forms for the Family TIES Advisors Program are available in English, Spanish, and Portuguese on our website.

Support Parents for Parent-to-Parent

- The success of our Parent-to-Parent programs comes from our volunteer Support Parents. Share your experience. Participate in a Listening & Learning training to build your skills and become a Support Parent.

Contact a Regional Coordinator to find out more about volunteer opportunities!
Our Staff: The Parent-to-Parent Coordinator, Regional Coordinators and Project Director of Family TIES are all parents of children with special health needs. Staff is located at the Massachusetts Department of Public Health (DPH) Regional Offices. For more information call: TOLL-FREE LINE: **800-905-TIES (8437)**.

Our Vision: Children with special health needs and their families will have access to information, support and tools that will positively impact their quality of life and will have increased confidence in their ability to navigate systems of care.

Introduction to the 2022 Edition of the Directory of Resources for Families of Children and Youth with Special Needs

This 2022 is the 25th edition of the Directory of Resources.* We did a thorough review of resources due to COVID and encourage you to contact the resources yourself as situations may have changed during these unprecedented times.

Family TIES of Massachusetts answers more than 10,000 calls a year from parents and professionals seeking information and services for children and youth with special needs. As parents of children with complex medical needs and other disabilities, we know finding information, services and support can be difficult and emotionally challenging. We hope the information in this directory makes the task easier for families.

The Directory is published annually. A searchable and downloadable version of the directory is available on our website, www.massfamilyties.org. The public is welcome to print and share single or multiple pages of the directory.

We love finding new resources and ways to support families. We continue to receive kind comments from people who see this book as an important resource. Thank you and please continue to call us with your suggestions and new resources. Or, use the directory Resource Entry Form at the back of the book. Email the completed form to info@fcsn.org or fax to 617-241-0330.

Many people helped develop the directory. We thank you all including our funding agency, the Massachusetts Department of Public Health, for continuing to support the work of Family TIES on behalf of families of children and youth with special health needs.

TIPS FOR USING THE DIRECTORY

The directory is a great starting point to look for information and resources! Resources are organized into two sections: Resources by Topic and A-Z Resources. In the A-Z Resources section of the book, each resource has a brief description of the available supports, contact information, the regions it serves, and a category code. All resources are assigned to one or more categories. The categories refer to the topic of the information or type of service provided.

When you know the name of the agency, organization, or program, look for it in the A-Z Resources section of the book. If you find the resource you were looking for, be sure to visit their website for specific or additional information. The information in this directory is current through January 2020. The Resources by Topic section is helpful when you know the kind of resource or program you need. The resources in the main categories are listed by the regions served:

National – Statewide – Boston – Central – Metrowest – Northeast – Southeast – West

The Community Support and Inclusion category and Specific Conditions and Disabilities category are broad. In these main categories, the resources are sorted by specific topics and region. The following page has a list of the topics included in these categories.

Although there are many resources listed in this directory, we could not possibly list all of the resources available. If you do not find what you need, please call us! Your Regional Coordinator may know about resources in your community.

Family TIES of Massachusetts 800-905-8437 (TIES)

* Inclusion of resources in this directory does not represent an endorsement of any program or resource by the Federation for Children with Special Needs or by the Massachusetts Department of Public Health.

Federation for Children with Special Needs
Programs Offered

SPECIAL EDUCATION CENTER
Provides support, information, training and workshops related to special education to families of children with special needs. Projects include:
• Recruitment Training and Support Center for Special Education Surrogate Parents (RTSC)
• Parent Training and Information Center (PTIC)
• LINK Center/Transition
• Community Outreach and Empowerment Project
• Parent Consultant Training Institute

FAMILY SUPPORT CENTER
Provides parent-to-parent support for families who have children with special health needs, chronic illness or disability. Projects include:
• Family TIES of Massachusetts, including Parent to Parent (P2P)
• Pathways for Parents

HEALTH ADVOCACY CENTER
Provides healthcare information and support to families of children with special needs, and programming that helps build capacity for family partnerships between managed care organizations and parents. Projects include:
• Mass Family Voices (MFV)
• Family-to-Family Health Information Center (F2F)

MASSACHUSETTS STATEWIDE FAMILY ENGAGEMENT CENTER (MASFEC)
Builds an equity-driven culture of family engagement, seeking family-led and co-created solutions to the challenges faced by historically marginalized children and youth. Programs strengthen the capacities of families, educators, healthcare providers and child development professionals to build layers of support that help young people thrive. Our website features family activities and information as well as training opportunities for professionals and families.

PARENT-PROFESSIONAL LEADERSHIP CENTER
Focuses on activities that help build collaborative relationships among key education stakeholders. Projects include:
• Massachusetts Association of Special Education Parent Advisory Councils (MASSPAC)
• Advancing Parent-Professional Leadership in Education (APPLE)

Massachusetts DDS Family Support Centers
Each DDS area has at least one Family Support Center. Additionally, there are special programs for families of children and youth with complex health needs, autism spectrum disorder and culturally and linguistically diverse populations. For more information about these programs, contact the central office or your DDS area office or visit www.mass.gov/dds.
DDS Family Support Centers across the state act as a hub for a wide range of general family support services including information and referral, parent networking and trainings. Family Support Centers may provide the following services and supports and more for families of children and adults who are eligible for DDS services:
• funding for respite care
• camp scholarships
• recreational and social opportunities
• assistance with job placement
• community, residential and day supports
• transportation

Massachusetts Department of Public Health (DPH)
DPH promotes the health and well-being of all residents by ensuring access to high-quality public health and healthcare services, and by focusing on prevention, wellness, and health equity. The Division for Children & Youth with Special Health Needs within the Bureau of Family Health and Nutrition plans, implements, and evaluates public health programs for children and youth with special health care needs and their families. Division programs work to build a comprehensive, coordinated, community-based, family-centered system of care for CYSHCN and their families. If you would like to learn about more of the programs that the DPH offers besides those listed here, please call the main number: 617-624-6060. Please note: due to the COVID emergency, all staff are working remotely. They have work cell phones, but please use email to initiate contact.

The following is a list of selected resources available through the Massachusetts Department of Public Health, Bureau of Family Health and Nutrition.

Catastrophic Illness in Children Relief Fund
A fund created by the Massachusetts legislature to provide financial assistance to families who are MA residents, for expenses incurred for the medical and related needs of children under age 22 which are not otherwise covered by a private insurer, federal or state healthcare assistance or any other financial resource. CICRF is the payer of last resort, after the family makes all reasonable attempts to pursue other funding sources. Expenses must exceed 10% of the family’s gross annual income up to $100,000 and 15% of gross family income in excess of $100,000.

Early Intervention Services (EI)
Early Intervention in Massachusetts is a statewide, integrated developmental service available to the families of children from birth up to the third birthday, for whom there are developmental concerns due to identified disabilities, or whose typical development is at risk due to certain birth or environmental circumstances.

Early Intervention programs provide comprehensive, integrated services, utilizing a family-centered approach to facilitate the developmental progress of eligible children. Early Intervention services are designed to meet the developmental needs of each child and the needs of the family related to enhancing the child’s development.

250 Washington Street, 5th Floor
Boston, MA 02108
Phone: 617-624-5975, 800-882-1435

Website: www.mass.gov/dph/earlyintervention
To locate an Early Intervention Program:
www.massfamilyties.org

Early Intervention Parent Leadership Project (EIPLP)
EIPLP is a parent-driven project created to support families whose children receive EI services. The Project works to develop an informed family constituency, promote the development of lifelong advocacy and leadership skills and support the EI system to become increasingly family-centered. Regional parent coordinators provide training, mentoring, and support that assists families to take on multiple partnering roles within the EI system.

Email: eiplp@live.com

Early Intervention Partnerships Program (EIPP)
The Early Intervention Partnerships Program (EIPP) within the Division for Pregnancy, Infancy and Early Childhood (PIE) is a home visiting program that serves women with identified maternal or infant risk factors across the state. The purpose of EIPP is early identification of maternal and infant risk; and linkage of families to services to prevent or reduce poor health and/or developmental outcomes. EIPP is coordinated by an existing Early Intervention Program. There are seven sites in Massachusetts that serve families during the perinatal period. They offer the necessary supports to promote maternal health and optimal post-pregnancy outcomes as well as a focus on infant growth and development through the first year of life.

Regional Consultation Program (RCP)
The Regional Consultation Programs provide consultation, training and/or direct services to young children with complex medical/health needs, enrolled in EI or other community programs and their families. RCP’s primary goals are to:

- Provide consultation to children and families and community programs where young children typically access services
- Assist EI programs to meet the complex medical needs of eligible children
- Build community capacity by expanding skills and knowledge of community providers to ensure the inclusion of young children with complex care requirements, and RCP services are provided regionally in conjunction with early intervention programs

Referrals to RCPs are made through EI programs. Ask your service coordinator for more information.

Growth and Nutrition Program
The Growth and Nutrition Program (GNP) under the Nutrition Division in the Bureau of Family Health & Nutrition (BFHN) is a 30 year old Program established by the Massachusetts Legislature to address the problem of under-nutrition among young children in the Commonwealth. There are many causes of growth deficiency including medical, developmental, nutritional, and psychological reasons and the most effective treatment involves a multidisciplinary team of experts. All Massachusetts children from birth to six years of age with declining growth can be referred for evaluation and treatment by their primary care providers to these clinics, regardless of the family’s income.

Pediatric Palliative Care Network
Serves children under age 19 with a wide range of life-limiting diagnoses and their families. Services are to improve the quality of life of the child and family by meeting the physical, emotional, and spiritual needs experienced during the course of illness, death, and bereavement. Services include, but are not limited to, outreach to referring providers; intake and assessment; case management; pain and symptom management consultation; social services and counseling; respite; spiritual care; advanced care planning; volunteer support services; bereavement services; collaborative care planning with primary care providers; and coordination of care with other providers. The expectation is that most services are provided in the child's home.

Universal Newborn Hearing Screening Program
Babies born in Massachusetts are screened for hearing loss before they leave the hospital. Our program contacts families whose infant did not pass and those infants that may have been missed. We help make follow-up appointments for further testing and are available to pay for the screening and the hearing test after any available insurance. Families whose infant has a hearing loss also receive parent-to-parent support and help with enrollment into Early Intervention. The Program also provides a variety of networking and support opportunities for families of older children with hearing loss.

**Health Alliance of Cambridge**

A Cambridge Health Alliance é um sistema de saúde comunitária formado por três hospitais, mais de vinte clínicas de saúde e vários programas comunitários, localizados ao norte de Boston, nas cidades de Cambridge, Somerville, Everett, e Revere.

Diagnósticos e tratamento para a maior parte das condições de saúde são oferecidos a pessoas de todas as idades. Vários funcionários do corpo médico, de enfermagem e assistentes falam mais de um idioma, além disso, intérpretes estão disponíveis, gratuitamente.

A maior parte dos médicos da Cambridge Health Alliance aceita todos os grandes planos de seguro de saúde. Se você não tiver seguro médico existem vários programas disponíveis que podem ajudar. De acordo com a sua renda, você pode qualificar para o MassHealth, o Network Health, ou o Free Care. Os funcionários da Assistência Financeira da Cambridge Health Alliance pode lhe explicar os programas, fornecer os formulários de solicitação e ajudar a preenchê-los. Atendimento de emergência 24 horas ao dia são encontrados no Cambridge Hospital, Somerville Hospital, e no Whidden Hospital.
