

Family TIES is a project of the **Federation for Children with Special Needs**.

We thank the **Bureau of Family Health and Nutrition (BFHN)** for their continued partnership in producing this directory. BFHN provides programs and services ensuring the health of the Commonwealth's mothers, infants, children and youth — including children and youth with special health needs and their families.

Introduction to the 2024 Edition of the Directory of Resources for Families of Children and Youth with Special Needs

This 2024 directory is the 27th edition of the Directory of Resources.*

Family TIES of Massachusetts answers more than 10,000 calls each year from parents and professionals seeking information and services for children and youth with special needs. As parents of children with complex medical needs and other disabilities, we know finding information, services and support can be difficult and emotionally challenging. We hope the information in this directory makes the task easier for families.

This directory is published annually. A searchable and downloadable version of the directory is available on our website, fcsn.org/familyties. The public is welcome to print and share single or multiple pages of the directory.

We love finding new resources and ways to support families. We continue to receive kind comments from people who see this book as an important resource. Thank you and please continue to let us know if you have suggestions and new resources. You can add, remove, or change a listing on our website using the online form, or use the Resource Entry Form at the back of this book. Email the completed form to familyTIES@fcsn.org.

Many people helped develop the directory. We thank you all, including our funding agency, the Massachusetts Department of Public Health, for continuing to support the work of Family TIES on behalf of families of children and youth with special health needs.

TIPS FOR USING THE DIRECTORY

The directory is a great starting point to look for information and resources! Resources are organized into two sections: Resources by Topic and Resources: A-Z. In the **Resources A-Z** section of the book, each resource has a brief description of the available supports, contact information, the regions it serves, and a category code. All resources are assigned to one or more categories. The categories refer to the topic of the information or type of service provided.

When you know the name of the agency, organization, or program, look for it in the A-Z Resources section of the book. If you find the resource you were looking for, be sure to visit their website for specific or additional information. The **Resources by Topic** section is helpful when you know the kind of resource or program you need. These resources are listed alphabetically under each topic, with a code indicating the regions served:

National – Statewide – Boston – Central – MetroWest – Northeast – Southeast – West

The Community Support Programs category and Specific Conditions and Disabilities categories are broad. They contain many sub-topics. The next page has a list of the topics included in these categories.

Although there are many resources included in this directory, we could not possibly list all the resources available. If you do not find what you need, please contact us! Your Family TIES Regional Coordinator may know about resources in your community.

Family TIES of Massachusetts Services and Programs

Family TIES is driven and staffed by parents of children with special needs. We offer a unique type of emotional and practical support to families with similar life experiences. We are family facing and provide information, resources, and training to families of children with special health needs or disabilities, and professional partners. We are a primary source of information about Early Intervention (EI). Services are available in multiple languages.

Early Intervention

- When you call, Family TIES will share contact information of the Early Intervention (EI) program(s) in your area.
- Regional Coordinators will send you a packet of information explaining Early Intervention services.
- Contact information for EI referrals is easily accessible by website or phone, and we can provide a warm hand-off.
- Family TIES can help families and professionals who need more assistance.

Information and Referral

- Information on a wide variety of topics: community resources and services, programs for children and youth with special health needs, public benefits, and more.
- A comprehensive Directory of Resources guide and an up-to-date search engine for Support Groups.
- Contact a Parent Regional Coordinator who has life experience parenting a child with a special health need.

Workshops and Trainings

- Visit our website for a list of training courses to schedule a virtual presentation for your organization.
- Social media videos and podcasts are more sources of ways in which self-paced trainings can be accessed.

CCATER Center Support (Care Coordination, Assistance, Training, Education, Resource)

- DPH's CCATER Center provides training and technical assistance on an enhanced care coordination model to MassHealth CARES for Kids providers of children/youth with special health needs and care coordination teams.

Parent to Parent Program – an alliance member of P2P-USA

- Parent to Parent (P2P) matching connects requesting parents who have a child with a disability, chronic illness, or special health needs to a Support Parent with similar lived experience who can provide emotional support and practical suggestions. Who is better to provide support than a parent who has been there? fcsn.org/p2p

Volunteer Opportunity: Support Parents for Parent to Parent

- The success of our Parent to Parent programs comes from our volunteer Support Parents, who share their experience after participating in a *Listening & Learning* training to build. fcsn.org/p2p

Our Vision: Eligible infants and toddlers will have access to Early Intervention services, and **all** children with special health needs and their families will have access to information, support and tools that will positively impact their quality of life, while increasing confidence in their ability to navigate systems of care.

Our Staff: Our 9 staff members are all parents of children with special health needs, living in every region of MA.

Lazos Familiares de Massachusetts Servicios y Programas

Family TIES es conducido y atendido por padres de niños con necesidades especiales. Ofrecemos un tipo único de apoyo emocional y práctico a familias con experiencias de vida similares. Estamos orientados a la familia y brindamos información, recursos y capacitación a las familias de niños con necesidades especiales de salud o discapacidades, y a los socios profesionales. Somos una fuente primaria de información sobre la Intervención Temprana (EI por sus siglas en Inglés). Los servicios están disponibles en varios idiomas.

Intervención temprana

- Cuando llame, Family TIES compartirá la información de contacto de los programas de Intervención Temprana (EI) en su área.
- Los Coordinadores Regionales le enviarán un paquete de información explicando los servicios de Intervención Temprana.
- Se puede acceder fácilmente a la información de contacto para hacer el referido de EI a través del sitio web o por teléfono, y podemos proporcionar una cálida transición.
- Family TIES puede ayudar a las familias y a los profesionales que necesitan más ayuda.

Información y Referencias

- Información sobre una amplia variedad de temas: recursos y servicios comunitarios, programas para niños y jóvenes con necesidades especiales de salud, beneficios públicos y más.
- Una guía completa del Directorio de Recursos y un motor de búsqueda actualizado para Grupos de Apoyo.
- Póngase en contacto con un Coordinador Regional de Padres que tenga experiencia de vida criando a un niño con una necesidad especial de salud.

Talleres y capacitaciones

- Visite nuestro sitio web para obtener una lista de cursos de capacitación para programar una presentación virtual para su organización.
- Los videos y podcasts de las redes sociales es otra forma en las que se puede acceder a capacitaciones a su propio ritmo.

Apoyo del Centro de Coordinación de Atención, Asistencia, Capacitación, Educación, Recursos (CCATER, por sus siglas en inglés)

- El Centro CCATER del DPH brinda capacitación y asistencia técnica sobre un modelo mejorado de coordinación de la atención a los proveedores de **MassHealth CARES for Kids** de niños/jóvenes con necesidades especiales de salud y a los equipos de coordinación de la atención.

Programa de Padre a Padre : *miembro de la alianza P2P-USA*

- El emparejamiento de padre a padre (P2P) conecta a los padres solicitantes que tienen un hijo con una discapacidad, enfermedad crónica o necesidades especiales de salud con un padre de apoyo con una experiencia de vida similar que puede brindar apoyo emocional y sugerencias prácticas. ¿Quién es mejor para brindar apoyo que un padre que ha estado allí? fcsn.org/p2p

Oportunidades de voluntariado: Padres de apoyo para Parent to Parent

- El éxito de nuestros programas de Padre a Padre proviene de nuestros padres de apoyo voluntarios, quienes comparten su experiencia después de participar en una capacitación de *Escucha y Aprendizaje* para construir.

About the Federation for Children with Special Needs

FEDERATION FOR CHILDREN
WITH SPECIAL NEEDS

The Federation empowers families, young people, and those who work with them. Disability access, language access, and equity are our core priorities. Our goal is to remove barriers to access and support equal opportunity for all students.

Family Engagement

The Federation promotes partnership-based family engagement strategies. Through co-design, families and professionals come together to identify issues and develop solutions. This disrupts the usual pattern of professionals treating families as passive recipients. Such radical collaboration is essential to building equitable partnerships.

Service Areas

- Early Childhood - Early Intervention
- Family Engagement
- Healthcare & Health Insurance
- Language & Cultural Access
- Parent/Caregiver Leadership
- Schools & Educational Options
- Special Education / IEPs
- Leadership Development for Teens & Young Adults with Disabilities
- Transition Planning for Young people with Disabilities

Empowering Families Since 1974

In 1974, a small group of parents and professionals came together to advocate for equitable treatment of children with disabilities. Their efforts launched the Federation and led to new state and federal laws. Today, we are a nationally-recognized 501(c)(3) organization. We empower thousands of families and their children each year.

Massachusetts DDS Family Support Centers

Each DDS area has at least one Family Support Center. Additionally, there are special programs for families of children and youth with complex health needs, autism spectrum disorder and culturally and linguistically diverse populations. For more information about these programs, contact the central office or your DDS area office or visit <https://www.mass.gov/dds-family-support>

DDS Family Support Centers across the state act as a hub for a wide range of general family support services including information and referral, parent networking and trainings.

Family Support Centers may provide the following services and supports and more for families of children and adults who are eligible for DDS services:

- funding for respite care
- camp scholarships
- recreational and social opportunities
- assistance with job placement
- community, residential and day supports
- transportation

Early Intervention Services (EI)

Early Intervention in Massachusetts is a statewide, integrated developmental service available to the families of children from birth up to the third birthday, for whom there are developmental concerns due to identified disabilities, or whose typical development is at risk due to certain birth or environmental circumstances.

Early Intervention programs provide comprehensive, integrated services, utilizing a family-centered approach to facilitate the developmental progress of eligible children. Early Intervention services are designed to meet the developmental needs of each child and the needs of the family related to enhancing the child's development.

Regional Consultation Program (RCP)

The Regional Consultation Programs provide consultation, training and/or direct services to young children with complex medical/health needs, enrolled in EI or other community programs and their families. RCP's primary goals are to:

- *Provide consultation to children and families and community programs where young children typically access services*
- *Assist EI programs to meet the complex medical needs of eligible children*
- *Build community capacity by expanding skills and knowledge of community providers to ensure the inclusion of young children with complex care requirements, and RCP services are provided regionally in conjunction with early intervention programs*

Referrals to RCPs are made through EI programs. Ask your service coordinator for more information.

Growth and Nutrition Program

The Growth and Nutrition Program (GNP) under the Nutrition Division in the Bureau of Family Health & Nutrition (BFHN) is a 30 year old Program established by the Massachusetts Legislature to address the problem of under-nutrition among young children in the Commonwealth. There are many causes of growth deficiency including medical, developmental, nutritional, and psychological reasons and the most effective treatment involves a multidisciplinary team of experts. All Massachusetts children from birth to six years of age with declining growth can be referred for evaluation and treatment by their primary care providers to these clinics, regardless of the family's income.

Universal Newborn Hearing Screening Program

Babies born in Massachusetts are screened for hearing loss before they leave the hospital. Our program contacts families whose infant did not pass and those infants that may have been missed. We help make follow-up appointments for further testing and are available to pay for the screening and the hearing test after any available insurance. Families whose infant has a hearing loss also receive parent-to-parent support and help with enrollment into Early Intervention. Also provides a variety of networking and support opportunities for families of older children with hearing loss.

Health Alliance of Cambridge

A Cambridge Health Alliance é um sistema de saúde comunitária formada por três hospitais, mais de vinte clínicas de saúde e vários programas comunitários, localizados ao norte de Boston, nas cidades de Cambridge, Somerville, Everett, e Revere.

Diagnósticos e tratamento para a maior parte das condições de saúde são oferecidos a pessoas de todas as idades. Vários funcionários do corpo médico, de enfermagem e assistentes falam mais de um idioma, além disso, intérpretes estão disponíveis, gratuitamente.

A maior parte dos médicos da Cambridge Health Alliance aceita todos os grandes planos de seguro de saúde. Se você não tiver seguro médico existem vários programas disponíveis que podem ajudar. De acordo com a sua renda, você pode qualificar para o MassHealth, o Network Health, ou o Free Care. Os funcionários da Assistência Financeira da Cambridge Health Alliance pode lhe explicar os programas, fornecer os formulários de solicitação e ajudar a preenchê-los. Atendimento de emergência 24 horas ao dia são encontrados no Cambridge Hospital, Somerville Hospital, e no Whidden Hospital.
